

PRASHANT KUMAR

Full Stack Developer

7484976808 | prashantkumar.pcpk@mail.com | [LinkedIn URL](#) | [GitHub URL](#)
Noida, Sector-53, Uttar Pradesh, 201307

PROFESSIONAL SUMMARY

Full Stack MERN Developer with hands-on experience building responsive, production-style web applications using React.js, Node.js, Express.js, and MongoDB. Skilled in developing RESTful APIs, implementing JWT-based authentication, and building reusable component-based UI with Tailwind CSS. Strong foundation in CRUD operations, MVC architecture, and state management, with a growing interest in AI-powered application development. Seeking a Full Stack / MERN Developer role to build scalable web applications and contribute to real-world engineering teams.

CORE COMPETENCIES

Full Stack Web Development | MERN Stack | RESTful API Design | JWT Authentication & Authorization | Responsive Web Design | Component-Based Architecture | Database Design (MongoDB, MySQL) | State Management | Version Control (Git/GitHub) | CRUD Operations | UI/UX Implementation

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript (ES6+), React.js (Hooks, Components, Routing), Tailwind CSS, Bootstrap, Responsive Web Design

Backend: Node.js, Express.js, RESTful API Development, JWT Authentication, Authentication & Authorization

Database: MongoDB, Mongoose, MySQL, SQL Server (MSSQL)

Tools & Platforms: Git, GitHub, Postman, VS Code, npm, Vite, Netlify, Render

Concepts: CRUD Operations, API Integration, MVC Architecture, State Management, Client-Side Routing, Error Handling

PROJECT EXPERIENCE

Full Stack Developer Training — HCL GUVI | Jan 2026 – Apr 2026

Completed an intensive full-stack development training program, building four end-to-end web applications individually and in team settings to apply MERN stack concepts to realistic use cases.

Public Holiday Finder Application | React.js, REST APIs, Tailwind CSS, LocalStorage

- Built a responsive web app to search public holidays by country and year using a third-party REST API.
- Implemented dynamic filtering, CSV export, and Dark/Light mode with persisted theme settings.
- Developed search history tracking using browser LocalStorage to improve repeat-user experience.
- Structured the app using reusable, component-based architecture for scalability.

Real-Time Customer Support Ticketing System | HTML5, React JS, Tailwind CSS, REST APIs, Responsive Web Design

- Developed a web-based customer support ticketing system used by support agents and managers to handle customer issues raised through multiple channels such as web forms and email.
- The system allows users to create tickets, assign priority, track ticket status, and manage resolution timelines.
- Support managers can monitor agent workload and ticket aging through dashboards.
- The application communicates with backend services via REST APIs to fetch and update ticket data in near real-time and is optimized for high-volume daily usage.

Content Management System (CMS) — Admin Panel | React.js, REST APIs, Tailwind CSS

- Developed an admin panel for managing pages, banners, and media assets with real-time publishing.
- Integrated REST APIs for full content CRUD operations and built role-based access for editors and admins
- Designed responsive admin layouts focused on usability for non-technical content editors.
- The system communicates with backend services via REST APIs to ensure real-time content updates across the website.

E-Commerce Web Application (MERN Stack) | MongoDB, Express.js, React.js, Node.js, JWT

- Built a full-stack e-commerce platform for product browsing, cart management, and order placement.
- Designed MongoDB schemas (Mongoose) for users, products, carts, and orders.
- Implemented JWT-based authentication and protected routes for secure customer and admin access.
- Developed backend APIs for product, category, and order management with input validation and error handling

ADDITIONAL EXPERIENCE

Java Developer Intern — 4-Week Internship

- Completed a foundational internship applying core Java concepts in a structured project setting

Volunteer, Rojgar Mela

- Supported event coordination and candidate assistance at a large-scale employment fair

EDUCATION

Bachelor of Computer Applications (BCA) — Sandip University Sijoul, Madhubani | 2021 – 2024 | CGPA: 8.42

SOFT SKILLS

Problem Solving | Teamwork | Communication | Quick Learner | Time Management | Adaptability
